## **IDHS Continues to Seek Damage Information From Victims of Mid-March and Later Flooding**

INDIANAPOLIS – The Indiana Department of Homeland Security (IDHS) is continuing to urge anyone in Southern Indiana who sustained losses from March 17 and later flooding to report damage to a toll free number.

Anyone affected by the flooding should provide information about damage by calling, toll-free, 866-210-1925, from 9 a.m. to 6 p.m. Monday-Friday. Losses can include structural damage to homes and loss of personal property.

“There may be more damage that’s not been reported, and it’s extremely important that we accurately gather that information,” said Phil Brown, interim director of IDHS emergency response division. “If you haven’t yet contacted the State of Indiana’s toll free number to report flood damage, please call today.”

Callers will be asked to provide their name, address, phone number, damage to property and type of damage the property sustained. Also, be ready to provide information about unemployment or business losses because a business was closed or damaged due to flooding. This can include employees and business owners.

For a form to help you provide information, visit [www.in.gov/dhs](http://www.in.gov/dhs).
